

Help put Summit on the Lisbon stage.

Sponsor our speaking slots at Web Summit 2026 — and the opening of our EU office.

We're raising sponsorship to send Summit Cognitive to **Web Summit 2026 in Lisbon** — for our founder's **speaking slots** and to open Summit's **European subsidiary office**. Securing the speaking spot at the held price moves us deeper into the incubator and closer to real European deal flow. This is a **sponsorship & in-kind campaign — not an investment round**.
